What's New. . .

As you are all aware, the Association has a contract with Lando to purchase no more than 75 weeks of inventory on a yearly basis. The original contract was for 5 years, with automatic renewal every two (2) years, unless either party notifies the other one hundred twenty (120) days prior to the termination date. It began in February 2005. Management has been told, unofficially, that Lando will not renew the contract. This could substantially affect our budget in the coming years. The funds received from the sale each year has helped offset our bad debt. We are exploring another source that would purchase our open inventory each year, much like Lando has.
